Job Title: SAP Data Conversion Consultant

Job Description:

SAP Data Conversion Lead will provide oversight for Data Cleansing and Conversion for a Long Term Federal Contract. Will oversee the analysis/mapping, design, development and testing of data conversion programs for an SAP ERP 2005 implementation.

Key responsibility includes the responsibility for oversight of Data Verification and Validation performed by the government team.

Job Duties and Responsibilities:

- * Works with the client to support all aspects of the business analysis and design of data conversion requirements for the SAP solution.
- * Develops Data Validation and Verification Strategy and plan in support of Testing and Go-Live activities for the Government team.
- * Develops Data Validation and Verification tools.
- * Reviews all SAP component and assembly testing required and documentation of the results of all testing in accordance with Program procedures and standards.
- * Supports all data Mock Conversion cycles and the subsequent Data Validation efforts in support of Testing and Go-Live activities.
- * Supports quality reviews with IV&V and other external testing agencies of all SAP conversion programs design, development and testing efforts.
- * Oversees the migration of all SAP data conversion development through the system landscape in accordance with Program procedures and guidelines.
- * Adheres to the programming standards, naming conventions, and policies as outlined by the Program.

Other Requirements of the Position:

- * Knowledge of Packaged Software Implementation methodologies such as Ascendant-SDLC, ADM, Fusion, or ASAP for business Systems development, design, and code.
- * Strong experience with SAP R/3 with SAP release 4.6 or above.
- * Experience with Data Cleansing
- * Experience with Data Verification and Validation.
- * Public Sector experience is a plus.
- * Ability to work effectively in a multi-disciplinary team.
- * Excellent communication and inter-personal skills.

** This position is in support of the US Dept of Defense and pursuant to contractual obligation, US CITIZENSHIP is REQUIRED.
